### **UTILITY COMMENT**

The Mayor and Council provided a comment opportunity for Steve Vincent, the Oregon Regional Business Manager for Avista Utility, to speak on the proposed Right-of-Way ordinance being considered by Council. He requested a pause in the process of adopting the ordinance to allow for more time for utilities to review the document and to have the opportunity to participate in a workshop.

### **PUBLIC COMMENTS ON AGENDA ITEMS**

Hank Hohenstein and Natalie Swendener provided comments.

### **STAFF REPORTS**

Jackson County Sheriff Deputy was absent.

Fire Department District 4 representatives were absent.

#### **City Administrator Protem Report:**

**City Finance:** Vicki Robinson, a senior accountant with the Rogue Valley Council of Governments, is continuing her work with our finance technician. There is a delinquent tax certification payment for 2024 that has been made to RVSS and another from 2025 that we are compiling for disbursement.

**The 335 Yew Wood Drive Update:** The new owner of the property has begun removal of the structure leaving intact a corner of the house. The new home will be built on the same footprint and will be similar to the home that was there before the fire.

**City Administrator Recruitment:** Recruitment is underway. Job announcement, description, and applications are available on the city website.

#### **Council ROW/Franchise Workshop:**

Council has received the latest draft of the Row Ordinance for review. After council agrees that the ordinance is complete, we will begin to schedule meetings with utilities to solicit their input.

#### **Shady Cove Water Update:**

We met this week with RH2 engineering to discuss restarting the water project. RH2 is an engineering firm of record for the city and are managing the feasibility study. We have a general services agreement and a professional services agreement we will enter to begin the process.

**UNFINISHED BUSINESS**

**A. Water Feasibility Project Update:**

Councilor Nuckles gave an update of the city water grant noting there are three parts to the process including coordinating work with Business Oregon, getting water storage rights from Lost Creek Lake and maintaining a close working relationship with RH2 the city engineers who is managing and executing the feasibility study, design and construction work for the project. The feasibility study must be completed before the city can proceed with building a municipal water system south of the river. A new service contract with RH2 is in place and the project scope has been redefined. RH2 is back on the project moving forward.

The Army Corps of Engineers has the city's request for 150-acre feet of water, and they are finishing environmental paperwork then the approval process will be under way.

**B. Clarification of Resolution 26-01**
