Randy Petersen
Good morning, Rod,

The city is asking for your approval for me to take responsibility without applying for the new job position of City Planning Technician/City Recorder.
Is that something you can approve of for me after the restructure. I think maybe you and John Edwards have spoken about this.

Hi Jeannine,

I am following up on this. If the question is for me as the Union Rep to reply in writing to approve this, I would say that if you are good with this, then I am okay with it.

Let me know if you need anything else on my end assuming you would like to move forward with this.

Best,

-Rod

I am fine with the restructuring. The council just wanted to make the Unions aware of the decision on the restructuring, and that it is not necessary to open this up for applications, for me to retain the position.

Sounds good. Unless you need anything else from me, I think you are good to go.

I will just print this email thread and present it to City Council.
They just want confirmation that we have spoken, and it is okay to proceed.
